## News from Sickbay

### WHAT IS THUNDERSTORM ASTHMA?

Thunderstorm asthma occurs when asthma symptoms are caused by ryegrass pollen allergy during springtime thunderstorms. Thunderstorm asthma can happen suddenly to people in spring or summer when there is a lot of grass pollen in the air and the weather is hot, dry, windy, and stormy. If you suffer from asthma or hay fever, ensure your plans are updated with your family doctor.

Always make sure you always have your medication with you.
